UNIT 01 / 08 · LEARN & TRY

Living Together

Name: _____ Date: _____

Learn

Communities include people with different ages, abilities, languages and experiences. Cooperation means working together towards a shared purpose. Fairness does not always mean giving everyone exactly the same thing: a person may need extra support to take part. Listening before deciding helps groups understand different needs. Shared rules work best when people understand why they protect safety, learning and respect.

Worked example

A class leaves a wide path between desks so a pupil using a mobility aid can move comfortably.

1. Define cooperation.

2. Why leave a clear classroom path?

3. Is fairness always identical treatment?
