

UNIT 02 • APPLY & EXPLAIN

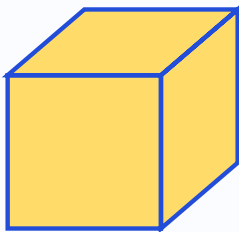

Toy Joy

4. Make a tower of two cubes. Is the outline from above enough to show its height?

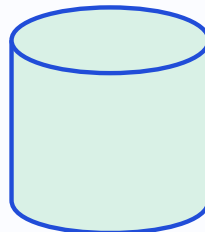

5. Find a solid with a curved surface and one circular flat base.

6. Describe a model made with two cubes side by side and one cube above the left cube. How many cubes are used?

LOOK • REASON • REPRESENT

cube

cylinder

Point to flat faces and curved surfaces. Which solid can roll on its side? Explain which faces could be traced on paper.

Pause and reflect

What can I explain now? What do I want to practise again?

☐ I tried ☐ I explained ☐ I checked
